Wholesale Price List**Denton, Texas**

FEB 16 1927
U. S. Department of Agriculture

TERMS OF SALE

All quotations made subject to stock being unsold on receipt of order. Orders booked subject to errors in estimate and damage over which we have no control. Prices quoted are for first-class stock, liberally graded, F. O. B. Denton, Texas. Unless otherwise agreed upon, all stock is sold for cash or one-fourth cash, balance C. O. D. All accounts payable in Denton, Texas.

Liability. Usual nurseryman's guarantee. We take a great deal of care in the growing, digging and packing of the stock and every effort is made to keep the varieties true to name,

as labelled, but we give no warranty, either expressed or implied, as to description, growth or productiveness of any plants we sell. Errors will be gladly corrected if made within ten days from date of shipment but in no case will we be liable for more than the original invoice.

We will appreciate it if you will tell us how to ship. In the absence of instructions we will use our best judgment, for the interest of our customers, but our responsibility ceases on delivery to the carrier in good condition.

References: Regular Commercial Agencies and any bank or business house in Denton, Texas.

ROSES

Two year, field grown, budded roses. This stock is carefully dug the roots dipped immediately after digging to prevent drying and unless otherwise instructed the tops will be cut back to 10 or 15 inches above the bud when packed for shipment. They are grown on Multiflora Japonica and Rugosa Canina (Texas Wax) root stocks. Assortments of 250 or more at 1,000 rate.

1½ to 1¾ in.	.50 4.50
1¾ to 2 in.	.65 5.00

Coniferous Evergreens

Unless otherwise shown, the following stock is grown in gallon cans filled with heavy soil or is dug B & B. The small plants are well established and have been grown from one to three years in the open field. Those grown in cans are safest to handle, but the can should be removed when planting in a permanent place

and this is easiest accomplished by chopping down the side and across the end, using light strokes with a sharp hatchet. Then spread the can open and lift out the plant. Local shipments are crated, and our crates hold ten plants. Order in multiples of ten plants, except large specimen, or add 50 cents for making up a special crate. These plants are practically 100% perfect and you will be surprised at the quality furnished at these prices.

Arborvitae

BAKER'S PYRAMIDAL. (Thuya Orientalis Bakeri). A tall, compact, pyramidal type. Bright green, vigorous growth.

Each	10
18 to 24 inches.	\$.35 \$2.50

30 to 36 inches.....	1.00 7.50
36 to 42 inches.....	1.25 10.00

Broadleaved Evergreens

Unless otherwise shown the following stock is grown in gallon cans filled with heavy soil or is dug B & B. The small plants are well established and have been grown one to three years in the open field. The ones growing in cans are the safest to ship or handle, but the cans should be removed when planting in a permanent place and this is easiest accomplished by chopping down the side and across the end, using

light strokes with a sharp hatchet. Then spread the can open and lift out the plant. Shipment of the small and medium sized plants are crated, and our crates hold 10 plants. Except on the larger specimen, orders should be made in multiples of 10 plants or 50 cents added to cover the cost of making a special crate.

ABELIA GRANDIFLORA. New foliage bright green turning to darker metallic color in the Winter. Tubular shaped flowers, white inside, tinged pink outside. Puddled roots. Large size dug B & B 15 cents each extra.

Each	10
15 to 18 inches.....	.20 1.70
18 to 24 inches.....	.35 2.50

BUXUS ARBORESCENS. Boxwood. Compact, dwarf, slow growing evergreen. B & B.

Each	10
12 to 15 inches.....	\$.50 \$4.00
15 to 18 inches.....	.75 6.50
18 to 24 inches.....	1.00 9.00
24 to 30 inches.....	1.25 11.00

ELEAGNUS. Seedling. Broad shrub. Top of leaves dark green, inner or lower side silvery green. B & B.

Each	10
12 to 15 inches.....	\$.50 \$4.00
18 to 24 inches.....	.80 7.50
24 to 30 inches.....	1.25 10.00

EUONYMUS JAPONICA. Upright, compact growing plant with glossy dark green foliage. Bare root plants. B & B 15 cents each extra.

Each	10
12 to 18 inches.....	\$.25 \$2.00
18 to 24 inches.....	.35 3.00

GARDENIA GRANDIFLORA. Cape Jasmine. Dark green, waxy leaves. Fragrant, double or semi-double white flowers. Each

Each	10
12 to 15 inches.....	\$.35 \$3.25
15 to 18 inches.....	.50 4.50
18 to 24 inches.....	.65 6.00
